About Sunpower

Sunpower Group Ltd. (SGX: 5GD.SI) is a leading provider of industrial steam with a sizeable portfolio of 100%-recurring, long-term cash-generating Green Investments (“GI”) projects that use innovative integrated environmental-protection technology to facilitate the development of the circular economy and help China to attain its carbon peak and carbon neutrality goals. It was founded in China in 1997 and listed on the Singapore Exchange (SGX) in 2005.

In 2020, Sunpower disposed its Manufacturing and Services (“M&S”) business for an attractive consideration that unlocked value and improved investment returns for investors. To reward shareholders and bondholders, a substantial Special Dividend of S\$0.2412 a share was declared and paid in 2021. Following the monetisation of M&S, the sole principal business of the Group is the “Green Investments” (“GI”) business where it has a sizeable portfolio of GI projects that generate 100% recurring, long-term, high-quality income and cashflow.

Sunpower is successfully expanding the GI business by leveraging on its robust and replicable business model with unique competitive edge to unlock the long-term growth potential. With the application of innovative technology packages that raise high entry barriers, a proven effective management team to provide leadership and execution capabilities in operations and risk management, and the strong support of strategic investors DCP and CDH, Sunpower is continuously shaping a green future for itself as it takes its circular economy GI business to greater heights.

Sunpower actively undertakes the responsibility of promoting the sustainable development of the economy and society, and has been recognised as a member by various reputable environmental and industry associations, including the China Association of Environmental Protection Industry (中国环境保护产业协会) and other provincial-level associations.
